**November 25** Connecting and Interweaving Children and Teacher's Research  
**9:30-12:00** "When the seeds are tiny they grow a little bigger and ripper, ready to be sauce. That's what my nonna says about tomatoes." A yearly tradition at Acorn of harvesting and making tomato sauce with parents, teachers, and students.

**December 16** Relationships Between Documentation and Assessment  
**9:30-12:00** Guided Tour and Round Table Discussions: "When the lights go out, we get ready for yoga!" A short discussion on preschool students understanding self-regulation, empathy, and problem solving through daily yoga.

**January 20** Building a Community of Learners: Sustainability Education  
**9:30-12:00** Examples of work that show students engaged with their community, classroom, and environment to present innovative everyday learning experiences.

**March 30** Pedagogical Documentation: Observation, Documentation, Interpretation, and Revisiting our work with students  
**9:30-12:00** "Sometimes you need to blink to get the dirt out. Your eye lashes are like brooms for your eyes." A look into kindergarten's research into the human eye.

**April 27**  
**9:30-12:00** Explore the Power of Art Materials to Expand and Deeper Inquiry and Learning: Connecting Science and Art

**June 8** Project Sharing and Round Table Discussions on Curriculum and Project  
**9:30-12:00** Work
